---

## MY 1934 - 1935 INTRODUCTIONS

- ALYCE MARIE GALVIN (FD)—White with faint tones of cameo pink, 11-inch flowers on good stems. Certificate of Merit at Storrs. First Prize and Silver Medal at the Boston Dahlia Show. Won high honors at the Botanical Garden, N. Y., also the World's Fair, Chicago. Root, \$2.00
- SARAH JANE (ID)—Clear yellow, 10-inch flowers, on cane-like stems. The petals are curved at the tips, giving the flower a very artistic appearance. Won high honors at the Botanical Garden, N. Y. Scored 83 at Storrs. Root, \$2.00

---

MARY GERALDINE (ID)—Rose-red tipped white, 9-inch flowers, good stems, one of the best bi-colors on the market. Scored 83 at Storrs. Won high honors at the Botanical Garden, N. Y. Root, \$2.00

GERALDINE FAITH (ID)—Tyrian rose, entire flower variegated, 10-inch flowers, good stems. Scored 83 at Storrs. Won high honors at the Botanical Garden, N. Y. Root, \$2.00

### PRIZES WON 1935

1st Prize at the New England Dahlia Society Show at Boston.

1st Prize at the Horticultural Society Show at Manchester, Mass.

1st Prize at the Garden Club of Marblehead, Mass.

1st Prize at the Rochester, N. H., Fair.

### NEW INTRODUCTIONS FOR 1936

MRS. W. F. LORD (FD) (Pike-Parrella)—A bright gold with tints of peach-pink on reverse. Gold deepens to a golden orange to the center of the flower. A grand dahlia from Canada, winner of many prizes for the past two years. Highly recommended by experts. This dahlia will rate very highly. Root, \$15.00

GEORGE WASHINGTON (ID) (Sutcliffe-Parrella)—A great dahlia named in honor for the father of our country. Deep rose-pink with silver tips. Large flower and a very fine formation, looks something like Sharizad, but a more refined flower. The color deepens at the base of the petals. Perfect stems, good growing habit. Root, \$10.00

MOON-GLO (FD) (Parrella-Hulin)—Lemon-yellow. High center which gives it a distinct glow. A few petals show a white streak along the edge which disappears as the bloom opens. Root, \$7.50

MISS LONG ISLAND (ID) (Jeffords-Parrella)—A tall grower with splendid habits and a very attractive plant. Bright watermelon-pink, some of the petals show tips of silver, it is a bright, sparkling color and a very pleasing, clean-cut flower and attractive shape. The petals have a rare ruffled formation which is unusual and beautiful. It is in a class by itself. Do not overlook Miss Long Island. Root, \$7.50

YOUTH (ID) (Parrella-Hulin)—A gorgeous bi-color of medium size, color American Beauty shading to magenta toward the center, tipped white. Outstanding in every respect. Unusual formation and resembles a water-lily. A fine commercial variety, has wonderful keeping quality. Another characteristic, it closes up tight in the evening, just like a pond-lily would. This dahlia was selected and named by Mrs. Smith, president of the New York State Garden Federation, in honor of the Junior Federation, and to that effect it has been named Youth. Root, \$5.00

TOWER'S EMPIRE (ID) (Tower-Parella)—This was one of the most outstanding dahlias for 1935. Immense blooms of a clear, golden-yellow, on long, upright stems, way above the plant. It has been proclaimed by experts to be one of the best introductions since Jane Cowl. This is a marvelous dahlia. Root, \$7.50
